

SPECIAL ANNOUNCEMENT

**Changes to PetFix Community Cat Spay/Neuter Program
Begin on March 1, 2023**

TNR (trap-neuter-return) for Community-Stray-Feral Cats:

- Community Cats must be brought in a **humane trap** to PetFix between **7:30am and 8:00 am, Monday-Thursday**. (PetFix rents traps if you need one).
- There is no need to call first, but due to high volume, **only one cat can be brought per day**. (We will not accept multiple cats from the same colony brought in under different names). If you catch two cats in your trap, go ahead and bring both, please do not try to separate (in this case, we do make occasional exceptions to our “one only cat” policy).
- **We will require the cat receive an ear-tip**. When the cat is sedated, we will surgically remove the tip of left ear. This is the universal symbol that the cat has been fixed. **The cost is \$25 for spay or neuter including the ear-tip ear, plus \$6 for the rabies immunization**. FVRCP vaccination is available for \$15. If the cat has live fleas, we will treat them for \$10. We will not trim the nails of trapped cats.
- When arriving at PetFix please approach our front table (leave cat in the car). When we ask if you have an appointment, please tell us you have a “trapped cat or community cat.”
- We accept cash, Visa, MC and Discover at pick-up. **Pick-up time is at 3:30pm the same day**.

Spay/Neuter for “Friendly” Outdoor Cats, Pregnant Cats, or Cats at High-Risk for Breeding that Come to PetFix in a Pet Carrier:

- Please call PetFix at 216-732-7040 to make an appointment for your “friendly at-risk” cat. We will do our best to get your cat scheduled for spay/neuter as soon as possible.
- An ear-tip for these cats is optional (recommended if the cat spends a lot of time outdoors). Rabies immunization is required if you do not have proof of prior immunization.
